

## CHOIR DIRECTOR HOME FROM THE EAST

Director Joseph Ballantyne of the Ogden Tabernacle choir returned this morning from the east, after spending the summer in the study of music. The time was spent at Brookfield Center, Conn., with that eminent teacher of vocal art, H. W. Greene of New York City, whom Professor Ballantyne pronounces one of the greatest living in his profession of voice builder. He is an accomplished musician, possessor of the keenest analytical mind and possesses thorough knowledge of every phase of vocal art. He is a positive teacher of the severest type and has to his credit many of the leading singers in the United States and Europe.

"I am much gratified," said Professor Ballantyne, "with my summer's work and feel that the time has been most profitably spent." On his return, Director Ballantyne spent a few days in New York City looking through and selecting the music to be rehearsed by the Tabernacle choir during this season. A splendid assortment has been bought both for the Tabernacle services, and in preparation for the trip to the Panama Pacific exposition. To dignify the work of a great organization it is Professor Ballantyne's intention to give two great oratorios and some works in the smaller forms as well as miscellaneous programs with the exposition orchestra of eighty-five men.

"We must begin the work in ample time," said he, "that there can be no doubt as to the excellence of our programs when given." "Great care will be exercised in the selection of the few new members and none will be accepted who cannot remain the entire time intervening between now and our going to the exposition. We must have a complete membership that have worked together for months for in no other way can great efficiency be attained."

Choir rehearsals will resume early in September, choir members being notified by letter.

## SMITHSONIAN BUSINESS COLLEGE

Never canvasses for students, but if you wish to consult Prof. Smith relative to a course in that famous institution, drop him a card to College Court, Ogden, or call over Phone 456. School opens September 2—Adv.

## MARKHAM HAD PLANNED TO GET RICH

That J. B. Markham in the county jail operated under the name of King on White river, in the vicinity of Meeker, Colo., is now certain, as Sheriff De Vane has received a telegram from Sheriff Lyon of Rio Blanco county to hold "J. B. King" until he can reach Ogden with requisition papers to take King back to Meeker, the county seat.

The Colorado sheriff asks whether King will return to Colorado without the formality of getting out requisition papers and suggests that King be advised that it will save time and expense for him to do so, as the "charges against him are extraditable," no intimation being given, however, as to what the charges are.

This morning Markham, alias King, consulted an attorney with a view to fighting the requisition, giving as his reason only that he does not care to be taken around the country by officials.

"They have nothing against me in Colorado now," he said to a Standard reporter this morning, "and I do not want to make a trip to that country. I will resist requisition, if I can get a lawyer to defend me."

"My experience in Ogden was lively and I got up against a real live wire, but had things gone along in the regular course of affairs the check for \$125 which I gave Roberts for stock in the Western Vanadium company would have been paid at the Meeker bank and through that transaction I would have made a big piece of money within the next six months. Those fellows have got the richest uranium mine in the world on Coal Creek, a few miles up White River from Meeker, and I and some of my friends desired to get stock in the company so as to swing a big proposition."

Markham is a cowpuncher of long experience in the White River country and is acquainted with many of the stockmen of that region. The gun he carries has been used by him for more than 20 years, he says, and has seen some lively skirmishes with Indians and others. It is marked Y.I., a well known cattle brand of the Pecos country which is near Meeker on West Rattle creek.

## NOTICE PYTHIAN SISTERS

Members of Calenthia Temple No. 1 Pythian Sisters are requested to meet at K. of P. hall on Thursday, August 21 at 2:30, to attend the funeral of Mrs. Gertrude White Thomas. (Advertisement)

## NOTICE

To whom it may concern: I, A. C. Coleman, will not be re-contracted in my name by my wife Anna Coleman. A. C. COLEMAN.

## FRED POPPT DIES OF HIS INJURIES

Fred Poppt, a foreman for the Union Pacific, who was brought from Evanston Monday night suffering from horrible burns caused by the explosion of a can of alcohol he was unloading, died at the Dees hospital at 1:30 o'clock yesterday afternoon. His wife and two children were at the bedside when death came.

The accident, which ultimately caused Poppt's death, occurred Monday noon. Poppt was assisting the freight house employees to unload a car of merchandise, when the inflammable liquid exploded. He was rushed to Ogden on an evening train when the extent of his injuries was known.

The body will be shipped to Evanston today where interment will be made.

Accommodations at beautiful Old Faithful Inn, and Lake and Grand Canyon Hotels. For further particulars and illustrated itinerary, call on P. L. Beemer, City Passenger and Ticket Agent, O. S. L. R. Co., 2514 Washington Ave., Ogden, Utah.

## AUGUST 28TH.

## AUTOS MUST GO ON THE RIVER SIDE

In answer to many questions that have arisen regarding rules of the road in Ogden canyon, the following statute, as amended in 1911, is printed. It will be seen that the state law provides that in canyons the motor propelled vehicle shall take the side of the road nearest the river. This rule was understood by many a few years ago, but since the signs in the canyon were removed, motorists and drivers of other vehicles are puzzled at times. In some instances the drivers do not know which way the approaching vehicles will turn and dangerous situations arise. The statute will probably clear matters, and is as follows:

4. Sub. 1. Rules to be Observed on Highway.—Whenever a person operating a motor vehicle shall meet on the public highway any other person riding or driving a horse or horse-drawn vehicle, or any other vehicle, the person so operating such motor vehicle shall reasonably turn the same to the right so as to give half of the traveled road, if practicable, and a fair and equal opportunity to pass, to the other without interference; or, if they are traveling in the same direction, the person overtaking shall pass on the left side of the person so overtaken, and the person overtaken shall give the other a convenient opportunity so to pass, if it can be done without endangering his own vehicle, person, horses, or other draft animals; provided, that on canyon roads, or other roads bordering on any precipice, stream or river, and upon dugways, such person operating such motor vehicle shall be required to take the side nearest to any such precipice, stream or river, and the lower side of the dugway. Any person operating any motor vehicle upon any public highway shall give warning, either by blowing a horn or ringing a bell, within fifty and not to exceed one hundred yards distant from any person riding or driving any horse or horses, or any vehicle drawn by horses or other draft animals, which the said motor vehicle may meet or overtake, and shall also give such warning upon approaching any sharp turn, curve, or dugway, or other dangerous place upon such highway; and upon approaching such sharp turn, curve, dugway, or other dangerous place upon such highway, shall reduce the speed of such motor vehicle, and shall have the same under perfect control.

## HUSBAND RELIGIOUS AND READY TO DIE, SHE AND LOVER PLOT HIS DEATH; NOW SHE'S SERVING LIFE TERM, LOVER MUST HANG

Jim Cantrell, Mrs. Hawkins and her baby. After the most sensational trial in Georgia, Jim and Bartow Cantrell, of Gainesville, have been sentenced to hang on September 6 for the murder of Arthur Hawkins, and Mrs. Arthur Hawkins has been sentenced to a life term in jail. Realizing that she must give up her husband or her affinity, Mrs. Hawkins reached the conclusion that her husband, being a religious man, was ready to die so she plotted his death with Jim Cantrell, her lover, and Bartow Cantrell. Hawkins was shot from ambush.

## GRANT SCHOOL AND HOME OF KNIGHTS

With the exception of a few details yet to be completed, the remodeling of the Grant school into a larger and strictly modern school house has been accomplished. The stairway leading from the entrance on the east side is not finished and there are a few odds and ends to be completed, but the addition in which the heating plant is located has been constructed and various changes have been made. The painters have finished the painting and tiling. Cement walks have been made around the building and the lawns and parking have been resown. When the children go back to school in the fall, the laws should be green.

Work of constructing the Knights of Pythias building on Grant avenue near the Baptist church is going on rapidly. The building already shows signs of being one of the neatest in the city. A unique colored brick is being used for the front of the building which promises to give a striking appearance to the new home of the Knights.

## DRINK CAUSES ARREST OF MANY

All ages and nationalities were represented in Judge W. H. Reeder's court this morning and the morning grind turned out a number of suspended sentences. Pete Gleason, a Rumanian, was charged with drunkenness. He was found staggering around in the vicinity of Pacific avenue and Twenty-seventh street yesterday, where there was great danger of his being ground up by passing trains. Pete did not realize his danger and objected strenuously to those who tried to get him away from the danger zone. He was given a suspended sentence. A suspended sentence was given John Danielson of Mantel who was also charged with drunkenness. The arresting officer stated that the young man put up a terrific fight when arrested and had made things unpleasant for a time but, that outside of that little thing had been a good fellow.

Tom Hunt sprang the "I'll lose my job, if I'm jailed" story. Although the judge had heard it often, Tom gave it with so many new trimmings and variations that he was dismissed with a lecture. He declared he would go back to the mine where he works and drink only seepage water for many moons.

Although he had left Pennsylvania several months ago because he believed he could do better in the west,

## W. O. W. ARE TO MOVE INTO NEW HOME

Members of the Weber camp of Woodmen of the World will attend lodge meeting for the first time in their new home in the Fraternity block, Thursday evening, September 4. Secretary E. A. Auth will move his office to the new quarters on September 1. Plans for a dedication celebration have been begun and it is believed that a reception will be held in the new home September 18. Head Consul I. I. Boak will attend.

The quarters in the new building are completed but the furniture has not arrived. It is expected that it will be here within a few days. In their new quarters, the members of the camp will be conveniently located. The space, which has been leased by the Woodmen for ten years, includes a lodge room of ample size, a dining room and kitchen to be used when banquets are given, offices for the secretary and clerk and store rooms where the paraphernalia of the lodges that will use the hall, belong to the Woodmen. Arrangements have been made for a buffet.

The reception committee of the lodge is planning socials for the season now. It was the custom last year to give a social each month. This plan will be followed and the committee believes that the coming receptions will be far more successful than last because of the added conveniences.

## SCALES HIGH PEAK.

Milan, Italy, Aug. 20.—Dr. Piacenza, an Italian explorer, has succeeded in reaching the summit of Mount Numzum, a peak 23,000 feet high in the Himalayas, according to a telegram received here today from India. Many vain attempts have been made by English and American climbers to scale this peak.

## ORPHEUM 3 Nights 3

## HUNTERS KILL MOURNING DOVES

Complaints are made by residents of Plain City that doves are being shot on Ogden and Weber rivers northwest of Ogden, contrary to law. It is stated by conservers of game there is no shooting season for these doves and that to kill them at this time is against the game regulations. There are many doves in the vicinity of the grain fields and along the river banks and their presence in such large numbers is tempting to the hunter. They make fine pot shooting and it is claimed that they are really better in a pot-pie than any other wild bird. They are migratory, spending the winter months in Mexico, Arizona and the Dixie land of Utah and other intermountain states above the rim of the Great Basin. Large flocks of them nest and hatch their young in the higher altitudes.

It is the opinion of hunters that the morning dove should be taken care of by the game warden in all sections of the country, but that there should be a short season, from about August 1 to September 1, for shooting them. This is a time when the hatches are all grown to good size and but very few nests are to be found. The gunner claims that the dove is among the best birds for shooting in the open field and that for table use their meat is unexcelled.

## WORLD'S MARKETS

### Chicago Grain.

Chicago, Aug. 20.—Bullish cables started wheat upward today and lightness of offerings, coupled with good demand, made a firm market. Liverpool reported improved demand for cargoes, Russian offers tightened on bullish official crop reports and weather in Germany was less favorable. Fears of damage by more rains in the Canadian northwest was an added bull factor. The market opened 3-8 to 5-8-1/2c higher, with December 3-8 to 5-8-1/2c up at 90 5-8 to 1-4c. After touching 90 7-8c, there was a reaction to 90 3-8c.

Corn was nervous and irregular, opening prices being a shade lower to 3-8-1/2 to 2c higher. The weather continued fair and warm in the southwest but there were scattered showers in the rest of the belt. December opened a shade lower to 1-8-1/2c higher at 68 3-4 to 69c, touched 69 1-8c and reacted to 68 5-8c.

Free selling sent oats downward. December started a shade to 1-8-1/2 to 1-4c up at 45 2-8 to 1-2c, and eased to 44 3-4 to 7-8c.

Reports of hog cholera in some of the surplus corn states, confined, however, to well-defined localities, helped give firmness to provisions. Opening prices were 2 1-2 to 10 cents up with January options as follows: Pork, \$19.50; lard, \$10.95; ribs, \$10.35.

Wheat—Influential buying later brought a rally. The close, however, was weak, with December at 90 1-2 to 5-8c, a net gain of 1-4 to 3-8c.

best, Bulk, \$7.60@8.60; lights, \$8.30 @9.05; mixed, \$7.35@9.00; heavy, \$7.20@8.75; rough, \$7.20@7.50; pigs, \$4.25@8.15.

Cattle—Receipts 15,000. Steady to shade lower. Beefers, \$7.00@9.00; Texas steers, \$6.75@7.70; western, \$6.20@7.50; stockers and feeders, \$5.45@7.90; cows and heifers, \$3.50@8.20; calves, \$8.00@11.25.

Sheep—Receipts 21,000. Strong to 10 cents higher. Native, \$2.75@4.40; western, \$4.00@8.30; yearlings, \$4.85 @6.50; lambs, native, \$3.45@7.75; western, \$5.25@7.80.

Money. New York, Aug. 20.—Money on call steady, 2 1/2 to 1 1/2 per cent; ruling rate, 2 1/4 per cent; closing, 2 1/2 to 1 1/2 per cent.

Time loans, firmer; 60 days, 3 1/4 per cent; 90 days, 3 1/4 per cent; six months, 5 1/2 to 5 3/4 per cent.

Prime mercantile paper, 6@6 1/2 per cent; sterling exchange steady, \$4.82 1/2 for 60 day bills and at \$4.86-50 for demand commercial bills, \$4.82 1/2.

Bar silver, 59 1-4c. Mexican dollars, 46c. Government bonds irregular; railroad bonds, steady.

Sugar. New York, Aug. 20.—Sugar—Raw, rim; refined, steady; prices unchanged.

## MISSOURI'S GOOD ROADS

An Army of 350,000 Take Part in Two Day's Campaign on Improving the Public Highways in Response to Proclamation by Governor Major

Kansas City, Mo., Aug. 20.—Enthusiasm by the new spirit of road building in Missouri, thousands of volunteers marched forth from every county in western Missouri today to become a part of Governor Major's army of 350,000, which in response to his proclamation, began a two-days campaign that was expected to add one million dollars in betterments to the public highways of the state.

This, the first statewide movement in favor of better roads, was expected to be not only an epoch in the development of Missouri but an example that would be followed by other states and thus lead to a general improvement of highways all over the United States.

"Let ours be the banner county," was the slogan of every community. Eight thousand road overseers in the state for weeks have been assembling equipment and outlining the work to be done so systematically that every squad of men was put to work without delay or confusion.

Governor and Mrs. Hodges of Kansas, came to Missouri to give their active support to the work. They were guests of Governor and Mrs. Major. The two governors donned their overalls and setting out from Jefferson City, were among the first to get on the field of action. Mrs. Hodges aided in serving to the workers fried chicken which had been prepared by Mrs. Major.

Women workers of importance part of the campaign. The 6000 members of the Missouri Federation of Women's clubs aided the movement in every way possible and thousands of farmers' wives and other women prepared and served meals to the workers.

## TODAY IN CONGRESS

Washington, Aug. 20.—The day in congress: Senate.

Met at 11 a. m., and resumed consideration of tariff bill, cotton schedule being taken up.

## APPLE CROP IS FAILURE

Continued Drought in Kansas and Missouri Is Doing Great Damage to Fruit and Grain Crops—Farmers Are Working to Save as Much as Possible.

Kansas City, Aug. 20.—Reports of dry weather damage continued to reach here today from Kansas and northwest Missouri. Fruit growers of northeastern Kansas and northwestern Missouri say the apple crop will be little better than a failure.

Scattered showers the last four days have reduced average temperatures several degrees and in some sections have been sufficiently heavy to give the corn a chance to mature, but yesterday's temperatures in many parts of Kansas were still above a hundred and promised to pass that mark again today.

With it all, reports reaching Kansas City and Topeka show only few and isolated cases of discouragement among the farmers. In many instances corn has been ruined but there is the wheat crop and a cutting or two of alfalfa safely stowed away before the drought might seem to come from towns where the water supply, in many cases an artificial lake, has dried up.

Fruit growers in the Arkansas river and Cow Creek valleys, near Hutchinson, Kan., say they have saved thousands of dollars worth of apples by "lapping the underflow" and taking through long strings of wells and pumping it on their orchards. Late crops of alfalfa have been preserved by the same irrigation methods.

## HARRISON GETS PLUM

New York Congressman Is President Wilson's Choice for Governor-General of the Philippines—Nomination Goes to Senate

Washington, Aug. 20.—Representative Francis Burton Harrison of New York, has been selected for governor-general of the Philippines. President Wilson will send his nomination to the senate today.

Mr. Harrison was selected after months of personal consideration by President Wilson in which many applicants were eliminated. At least twice the appointment was considered as good as made, but neither of the men selected was Mr. Harrison. The new governor-general is a Democrat, a native of New York City, a lawyer by profession and has been a representative in five congresses, his first service being in the fifty-eighth. He enlisted as a private in the Spanish war in the volunteers and was a candidate for lieutenant governor of New York in the campaign of 1904.

He was educated at Yale university and the New York law school. Mr. Harrison was strongly urged for the post by Leader Underwood, Representative Palmer, Senator Hughes of New Jersey and other Democratic leaders. Secretary Garrison also concurred in the appointment.

In connection with the announcement the White House had no comment to make of Mr. Harrison's attitude toward the Philippines beyond the remark that he would carry out Democratic party pledges.

A reorganization of the Philippine commission, however, is to be effected and some commissioners will be named within a few days.

Mr. Harrison was a member of the party which accompanied William Howard Taft as secretary of war on his trip to the Philippines and he had several conferences on Philippine matters from time to time with President Wilson, so that his viewpoint is known to the administration.

## OPPOSE SLANG IN BALL GAMES

Chicago, Aug. 19.—Slang as a means of the proper description of baseball games in the newspapers came out a little behind straightforward English, according to the verdict of several thousand readers, in a test vote taken by a Chicago newspaper.

Of a total of 3,520 ballots recorded, 2,041 declared for the English prescribed by the dictionary and 1,225 were in favor of the use of slang. The figures in favor of the pure English were qualified by several thousand voters who expressed themselves in favor of the use of a moderate amount of slang, descriptive phrases, not limited necessarily to dictionary words however. Many voted in favor of slang but advocated the elimination of nicknames.

In the course of the balloting numerous college professors and educators declared in favor of slang, while the majority of baseball players, club owners and managers expressed a preference of English undiluted.

Great Britain does not need any fortifications on Bermuda as long as the onions and hotel charges hold out.—Philadelphia North American.
